Bib Records:	Dec 1 st : 981,127	Jan 1 st : 984,664 (+3,537)
24/7 Phone Renewal:	Nov: 663	Dec: 441 (-222)
Training:	Circulation, Director's Station, Linking, Serials	

Enterprise Upgrade

TLN has scheduled an upgrade to the Enterprise catalog for the early morning hours of 02/03/2017. The upgrade will begin between 1-1:30am and will require the Enterprise catalog to be unavailable for the 5-7 hours required to complete the upgrade. Included in this upgrade are some CSS changes to the backend of the Enterprise Catalog. Some of the custom changes by TLN to the Enterprise catalog will require updating by TLN Staff immediately following the upgrade to make the customizations consistent with the new Style Sheets being used by Enterprise.

TLN Staff will post a message about the upcoming downtime on the Enterprise catalog to provide notice to member libraries and patrons.

Upcoming ILS Demos – Remember to RSVP

Just a reminder that the 3 ILS vendor demos are coming up in February:

- TLC Carl – February 15 and February 16
- III Polaris – February 22 and February 23
- SirsiDynix – February 27 and February 28

All demos will be held at the Redford Township District Library. Circulation, online catalog, and reports will be repeated in order to allow you to send as many staff as possible. All staff will be asked to fill out evaluation forms, and the evaluation scores will be totaled and given to the ILS RFP Committee to help them choose the recommended vendor. Your input is very important.

You may send as many staff as you like to any session that is of interest to them or to your library. It is fine to send staff to a single session on a given day. People are free to come and go as needed.

Remember to RSVP to Celia Morse (cmorse@tln.lib.mi.us) with the number of people from your library who will be attending. We want to be sure that the room is set up comfortably so we would also like RSVPs for the morning and afternoon sessions.

Enterprise Problem Search Examples

Celia Morse is looking for examples of problematic Enterprise searches – searches that give unexpected results, or no results, etc. Please send examples to Celia (cmorse@tln.lib.mi.us) for use in the upcoming vendor demos.

Password Change Reminder

On Tuesday, March 28, 2017, the passwords for all xxxstaff and xxxtech accounts to WorkFlows will be changed. You will receive your new passwords in delivery a couple of weeks prior to the change. Each password will be unique to each library. Passwords will continue to be changed on a regular basis every 6 months.
